Mare

FOALED: 2015

COLOR: Bay

This 11-year-old Grade Bay Mare is the kind you enjoy having around. Lucee is a proven recip mare with a kind disposition, excellent ground manners and an easy-going nature. After several years as a broodmare, she was recently saddled back up and rode right off. She may not be fancy broke, but she rides decent, works off your leg and travels out nicely. With a little tune-up, she has the potential to make someone a really nice riding mare.

SEX: Gelding

FOALED: 3/28/2016

COLOR: Dun

Big, stout, pretty gelding who's been there and done that. He's been down in the canyons, and over the mesas, led home unruly cattle and wild donkeys. He's gathered more cattle then you can count, loaded the tub for processing, drug lots of calves and roped outside. He's been used at ranch rodeos and roped on in the arena. Our 10 and 13 yr old daughters ride him, however, he has a big motor and can be a little jiggy when fresh so is probably best suited to an older experienced kid or young adult or anyone with lots for him to do. He truly enjoys working and excels with regular riding. He can go all day everyday, or set up for ten days or so and be pretty much the same. Stays fat on grass and if you're not using him, turned out is the best place him.

The crumpled paper has various shades of gray and white, showing deep folds and creases. The lined paper is a solid white with thin, evenly spaced red horizontal lines. The lines on the paper are slightly blurred, suggesting a soft focus or a slight movement. The overall composition is simple and clean, with a high-contrast background.
